[†] Unless otherwise noted in the chart above, all plan deductibles and/or out-of-pocket maximums (OOPMs) are embedded.

Aggregate vs. Embedded

Aggregate (AGG): In a family plan with an aggregate deductible, all individuals on the plan pay together toward one deductible amount, before the plan will make payments.

Embedded: In a family plan with an embedded deductible, each member pays their own, individual deductible. Once an individual has met their deductible, no further deductible is required of them for that plan year. Other family members continue to pay toward their individual deductibles until the family deductible is met. An embedded out-of-pocket maximum works the same way.

Health benefit plans are issued or administered by MVP Health Plan, Inc.; MVP Health Insurance Company; MVP Select Care, Inc.; and MVP Health Services Corp., operating subsidiaries of MVP Health Care, Inc. Not all plans available in all states and counties.

Standard vs. Non-Standard

Standard plans are based on what the state dictates must be included in benefit details. Non-Standard plans contain unique features that enhance the value of the benchmark benefits.

Learn More About Our Plans

All MVP NY Individual Off-Marketplace HDHPs are HSA-qualified. All MVP NY Individual Off-Marketplace plans pass for Medicare Creditable Coverage. For a full listing of plans, visit mvphealthcare.com and select Employers, then Forms.

These plan overviews are intended to provide a general outline of coverage. In the event of any conflict between this document and your Certificate of Coverage, Schedule, and any applicable Rider(s), your Certificate of Coverage, Schedule, and Rider(s) will be controlling.

2021 Plan Highlights

Up to \$600 with WellBeing Rewards

Members can be reimbursed \$200 for wellness-related expenses, earn \$200 for completing healthy activities, and get an additional \$200 for reaching goals through activity tracking, per contract, per calendar year.

No HSA Monthly Fee!

For all Individual Qualified High-Deductible Health Plans, MVP will waive the monthly fee for a Health Savings Account (HSA). Making it easier for you to pay for out-of-pocket expenses!

Select services are free for the plan year January 1, 2021–December 31, 2021 for new and renewing NY MVP Individual plans. Other fees may apply

Open Enrollment: November 1, 2020–January 31, 2021

Preferred Provider

By utilizing preferred provider facilities for laboratory, radiology, and ambulatory/outpatient surgery services, members enrolled in a Non-Standard plan can pay as little as \$0 or pay a reduced cost share if they have an unmet annual deductible. Preferred provider facilities are not available in all counties.

\$0 Telemedicine Services*

MVP's \$0 telemedicine services include emergency, urgent and primary care, as well as mental health and psychiatry. All from your smartphone, phone, tablet or computer.

Aggregate vs. Embedded

Aggregate (AGG): In a family plan with an aggregate deductible, all individuals on the plan pay together toward one deductible amount, before the plan will make payments.

Embedded: In a family plan with an embedded deductible, each member pays their own, individual deductible. Once an individual has met their deductible, no further deductible is required of them for that plan year. Other family members continue to pay toward their individual deductibles until the family deductible is met. An embedded out-of-pocket maximum works the same way.

Health benefit plans are issued or administered by MVP Health Plan, Inc.; MVP Health Insurance Company; MVP Select Care, Inc.; and MVP Health Services Corp., operating subsidiaries of MVP Health Care, Inc. Not all plans available in all states and counties.

Standard vs. Non-Standard

Standard plans are based on what the state dictates must be included in benefit details. Non-Standard plans contain unique features that enhance the value of the benchmark benefits.
